

Modified Observation Requirement - Waiver for Junior Operators Parent/Guardian Affidavit of Completion

Per Governor Baker's Executive Order (COVID-19 Order No. 39), Junior Operators in Massachusetts will be allowed to complete up to 6 hours of supervised driving in place of the 6 hours of observation with a professional driving school. This supervised driving must be with a parent, guardian, or designee over the age of 21 who has a driver's license that has been valid for more than one year. These additional hours of supervised driving will be added to the currently required 40 hours of supervised parent driving.

This form acknowledges that the following Junior Operator has successfully completed the additional hours of supervised driving in place of the 6 hours of observation.

Note: If a Junior Operator had already completed some of the observation hours prior to the COVID state of emergency, they must complete the additional number of supervised driving hours needed to bring the total hours to 6. For example, they completed 2 observation hours and need 4 additional supervised hours.
